

SARAH *E.H.* THOMAS

ASSOCIATE AIA

I have a passion for design.
My goal is to find a position within a firm that shares my passion to create environmentally sensitive places that make lasting memories.
I am most interested in **modern adaptive reuse, urban landscape architecture, and graphic design.**

Lehrman Cameron Studio LLC - Seattle, Washington.
Architectural and Graphic Designer, July 2010 - June 2011
Duties consist of planning, design, and management of all aspects of exhibit work including conceptual design, design development, contract documents, and administration of fabrication and installation.
Responsible for office administration tasks as needed.

University of Oregon, Department of Architecture.
Bachelor's of Architecture & Minor in Landscape Architecture, 2004-2009.
Education emphasizing interdisciplinary courses in architecture, landscape and design.
Enrolled in technical research courses and collaborative competition-based studios.
Studied abroad in Japan to gain global perspective on architecture and landscape design.

I consider myself a proactive self starter and collaborative design partner.
Comfortable in both PC and MAC operating systems.
Seasoned in Google SketchUp, AutoCAD 2006, Adobe Creative Suite CS4, & Microsoft Office 2010.
Trained in Revit 2011 through Ideate, Inc.

American Institute of Architects (AIA) Seattle & San Francisco.
Associate Member, September 2009 – Present.

Active member in AIA Seattle Laddership program for emerging professionals.
AIA Seattle's Young Architects Forum Happy Hour Cochair and Graphic Designer.
AIA Seattle Design Committee Blog Webmaster, responsible for the redesign and upkeep of the committee's online image and information.

Penny Arcade eXpo, Penny Arcade Inc. - Seattle & Boston.
Assistant Volunteer Manager, August 2006 – Present.
Responsible for managing and assisting 500+ volunteers over the course of the expo.
Act as a customer service representative for 57,500 attendees and booth exhibitors.
Assist in pre-convention set up and post-convention tear down of exhibitor booths.
